The other two makes sense, but what's the problem with anarchism?

Just your daily reminder that I am in no way related to Thailand. My name is "THAL" not "THAI"

Clearly related to the nation of Thalland. Previously known as Slam.

This is my signature. There are many like it, but this one is mine.

No form of Anarchism works
Ancapitalism, wealth gaps
Ancommunism, choas
Anfascism, tyranny+chaos
And then you got whatever the fuck the upper-left portion of the political compass is.
The best you can get is Georgism, or "Neo-Anarcho-Capitalism" for some people.

a friendly reminder to all that not everybody online is a man

You're right. They might be a sentient chatbot. As a NationStates user, it's impossible for me to say with certainty whether the nation-building website NationStates is full of chatbots or not. This is due to various factors, including the fact that anonymity is a prominent feature of the site, as users are able to name their nations whatever they want and create a nation that appeals to beliefs different than their own.

"We won't be taxing, bureaucratic hypocrites forever!"
We're fighting a costly, not at all drawn-out war against the Roman cosplaying enslaving scumbags known as Caligulas Legion! Suck it and die from your 'headaches', you bald b*stard.
Are you aggressively coked-out? Do you join regions for no reason? Do you like copious amounts of drugs, eating Mexican food from taco trucks and the searing hot desert sun? Join Calexico and Mexicali then, moron.
Do you too wish to patrol the Senora, almost making you wish for a nuclear winter? If so, consider joining our Embassy Program
