7/10 due to pixelation.

Nothing good can come of that.

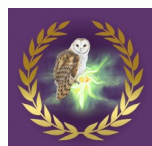

Godulan Puppet #2, RPing as technologically advanced tribal society founded by mongols and vikings (and later with multiple other Asian and Native American cultures) motivated by an intrinsic devotion to the spirit of competition. They'll walk softly, talk softly, and make soothing noises as they stab you in the back and take your stuff... unless you're another Caleshan, whereupon they'll only stab you in the back *figuratively*!

Used NS stats: Population. That's it. Anything else not stated in the factbooks is not used.

Only like a 3/10 or 4/10. It's actually a pretty cool flag.

They're a Muslim Cult State that does a variation of Sharia Law while we're a deadly Militaristic State, so pick your poison, I guess.
Can also be described as a "Baltic Post-Communism Anime Democracy", according to the Alteran Republic.
Probably the one place in Kanto Jinfuken that nobody wants to go to, with an acceptable reason.
