Includes both human as anthros meat, as well using body parts to other illegal purposes: 45 to 55 years in jail.

Invading a military area, purposely.

~~Illegal only if the human or penguin was killed with the intention of consumption or did not allow it. The sentence for that is about the same as the premeditated murder sentence of 2 years minimum and a 260,000 Antarctic Peso fine. It's legal if the dead explicitly permitted it and was not killed for the intention of consumption. However, most people have qualms about this, and do not do it.~~

Prison for 2 years and a fine of 2,000,000 Pesos minimum, higher if the person was affiliated with another nation or had dangerous intent.

Counterfeit of more than 100,000 units of currency.

There is no draft currently in place, and as such there is no punishment. Men of military age are only drawn during wartime, in which case martial law would likely have already been imposed, and thus the punishment may either be an indefinite prison sentence or summary execution for treason, at the arresting officer's discretion.

Well, the statute of limitation on bank robbery is 5 years on the federal level, but depending on the state it might not have a statute of limitation, in which case you'd go to jail? I guess?

Train Robbery, but you robbed a train belonging to a 2nd nation moving to a 3rd nation and derailed it into YN's territory.

If the nation that owns the train is in the ICPN then extradition to that nation, if not, then charged with possessing stolen goods (the train).

Officials who were bribed and blackmailed are bound to be executed alongside members of their families who will not publicly sever all connections with them, all participants of said crime organization are very likely to face the wall or be hanged- depending on wether or not they have served.

The individual would be charged with murder and sentenced to life.
It's possible for the individual to be eligible for early release after
serving a minimum term set by the judge (called a deemer if male,
deemester if female, in New English); the Crown may also grant an
individual pardon, but this is solely at HM's pleasure.

Strictly speaking there *is* no 'government-sanctioned narrative', so
not a crime in general, exceptions can apply if we're at war, etc.

Political corruption?
