Silversun Pickups-Bloody Mary (Nerve Ending).

Just remembered that I recalled this album came out on May 8th, so I checked to see if it was on Spotify. I was excited to see it was, because when I heard the song I posted above a while back, I was impressed and was curious to hear their new album. Yay, more new music.

I preordered it and listened to it the second it came out. Doesn't really match up to Swoon, but still pretty amazing.

I actually still have yet to listen to a full Silversun Pickups album, but there are some songs of theirs I really quite enjoy, like The Royal We, There's No Secrets This Year, and Growing Old Is Getting Old.

Forecast Fascist Future, Of Montreal.

pretty depressing upbeat 'indie pop'.

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.
