If it's Val's regular flag, easy 0/10. If I'm going off of the person in Val's current flag... hmm. Honestly *possibly* 1/10, but it's really hard to tell - it could literally be anything from a 7 to a -1

3/10. While I could see this being the flag of some african warlord. I can equally see it as something in central asia being moderately democratic.
