So... After your... Dossier, if it can be called that, you are some emperor that got educated as priest and then had a wild ride where you conquered your own continent, one duchy after one duchy.

If my, General Onox's, Time Conversion is right, you came from a time equivalent to one before mine, heck, it could be equated to even before they merged the timelines! So, while it is quite a rare sight to see someone who comes from an earlier time than me on this site full of future know-it-alls, I, General Onox, find your way of rule rather... Peculiar.

You see, with a delivery of Wormfodder, these Wormwomen also gave me a Mechanical Object with a Game called Crusader Kings 2 on it, and the way you arrived to power is remarkably similar to how that game plays. Anyhow, pray less and punch more, then you are good in my, General Onox's, book."

Other than that, he seems to be a standard archetype of a villain, using human terms. If anything, he seems to be a capable raider and fighter, and is kept on his role of importance by the intellectual efforts of capable administrative aides, so those are positives for him. "Dr. Akagi? I've heard some information about her. She is the first to lead Crimson Tree, and I appreciate the tact and pragmatism evident in her leadership thus far. Her desire to bring scientific progression to her people is admirable. However, she would do well to be wary of her 'freedom policies', considering the numerous, though appropriate, decisions which impact what they consider "civil rights". Allowing dissent to have places to fester is never a good idea, and I would be disappointed to see instability begin to grow due to this decision. Nevertheless, I wish her well in her duties to her nation, as we all have our

OOC: Can't tell whether above nation is set in the past or present so I've hedged my bets and done two responses. Below nation should respond to the second character.

Past response:

"I consider 'Emperor' Lodovico di Tuscolo a rather deluded individual and the inevitable result of allowing males to possess political power - because of course, they're always going to resort straight to violence.

"I also don't much care for the false religion he claims to represent. I am a living

descendent of the God of the Stars - can his God claim to have any living descendants or is their only evidence a bunch of scrolls that could have been written by anyone?"

- Empress Tamahine Mana Nui, who reigned from 764 until 784 AD.

Present response:

"Emperor Lodovico di Tuscolo is very much a product of his time and so I bear him no ill will whatsoever.

"Plus they say that the enemy of my enemy is my friend and so I cannot fault him. His culture is different to mine and he comes from a very different time and place to me. His religion is not one that I would ever follow, but I respect his right to hold his beliefs and I wish him well."

"Due to a queer paradox in time and space, perhaps brought from yours truly, an oracle from the past has emerged! It says here, in the discoveries of the Feyris catgirl archeologists' excavations of the Late Daschime Culture, "My Love from the Star"! 'Fly me to the moon!"

Who else, but from yours truly!

Confluence from the hundreds of millions of years of evolution from the stars, and the process of convergent evolution has brought me, to you in this extraordinary moment of an encounter between our two civilizations! In the

immortal victory of the science of Marxism-Leninism, the name of Karl Marx has once again been proved, and rescued, shining in light again from the eternal slander of bourgeois revisionism! The arrival of your space-faring civilization to our skies, has proven the immortal truth of Marxist dialectical and historical materialism once and for all!

Who was the girl, the lady, the Princess that drove terror and struck fear in the hearts of the revisionists Khrushchev and Brezhnev! Who else but Ensign Nova, the bane of all and the final terror of all bourgeois and revisionists, who have smothered the dictatorship of the proletariat, and ignored Mao's dictum "Politics in command". Nova, you are the beautiful girl, of white and fair pale skin, of black and blonde hair, and of an East Asian beauty in your almond eyes, who in your mastery of a socialist economy, is the female version of Stalin of the state. The economic finesse of the Ahnu, who have mastered socialism in their planned economy, and who have harnessed the awesome power of science against nature, in your spacefaring ships, is the final nail against Khrushchev and Gorbachev's coprolite after all! Through the power of Ahnu science, my love, Khrushchev has rolled so many times in his grave, that his rotations have generated enough energy, to power 1000 million megawatts, in all of Japan!

High Princess Ryeisse Schyi Yuri  
The Ahnu of the Catgirls and the Dragon Ship, for the moment that your craft crashed in Roswell was the moment that a thousand revolutionary truths in this world has been eternally proven. Imperial House of Angvar

*Official  
and  
Exclusive  
Correspondence,  
dated

Thank  
Heavens,  
Charlie  
(God  
rest his  
soul)  
won't  
live to  
see a  
day of  
being  
surrounded  
by  
catgirls.  
Now,  
with  
Charlie  
gone,  
this  
brings  
me to  
the  
question:

why is  
this  
thing,  
this...catgirl,  
Ryeisse  
Schyi  
being  
her  
name,  
fails me  
not to  
*amuse*  
me?

Well, I  
myself  
do not  
see her  
as an  
"authoritarian  
leader  
curtailing  
even  
the  
most  
rudimentary  
of  
human  
rights  
and  
political  
opposition"  
because  
she is  
absolutely  
not;  
Yuri is  
no  
autocrat  
in her  
own  
right,  
she is  
democratically  
elected  
—or at  
least  
coming  
to  
power  
through  
democratic  
means—  
as all  
the  
other  
'leaders'  
of the  
plebian  
variety.  
Heck,  
even  
the  
populist  
demagogues  
she was  
lumped  
with  
and  
compared  
to by  
the

relativist-  
progressivist  
press of  
the  
neo-  
colonial,  
democratic  
world  
can  
hardly  
take  
her  
seriously,  
in spite  
of the  
enthusiastic  
support  
she  
gives to  
them

Now if  
you'll  
excuse  
me, I  
owe my  
therapist  
an  
apology,  
he said  
we have  
an  
appointment  
before I  
would  
waste  
my time  
on  
another  
tirade  
against  
lewd  
communist  
catgirls  
disturbing  
my  
peace.

*"Now, let's hope I, General Onox, won't have to rewrite this half-way again.*

*Anyhow, Katharina no. 12, you are one of those authoritarian monarchs who got their job by being backstabby and terrorize your own populace in order to keep their rule stable?*

*I, General Onox, can only directly see from your wiki-page that you are one of those paranoid authoritarian robber monarchs who follow that idea of absolutism, advanced worlds of the humans have developed.*

*And to that, I, General Onox, only say: You are annoying.*

Seriously, you do similar stuff to me, General Onox, yet do it by enforcing a system and squashing any resistance outright instead of being a proper bossfight at the end, instead trying to keep your pathetic system alive, but why you are doing that? Fuck if I, General Onox, know, there is no information on your so called explanation of what you even believe in, even those ideology as personality replacers at least have that. I, General Onox, may maybe not be the best one to say that, but screw that noise, you are a monster, but only in the vileness part, lacking all style and power, bet most can take you down in a 1 to 1 fight, wouldn't even require a hero. Also you are no fun at all, which might be the worst of your offenses."

*General Onox is a very facinating leader. He's barely mentioned, but he should be.*

*Under his command, large part of old Hyrule were conquered. Today, he leads a bandit kingdom. I've been always interested in that kind of structures. He has no political ideology, which is also very interesting to see. He's brutal, but a great warrior. He has my biggest respect.*

Socially, I find no fault with your beliefs, if they are counter-productive to the revolution. Yet you have allowed yourself to become defined by Capital. A hybrid of Capitalism and Communism is impossible, and your system will never attain a truly free state. Your people are in chains, Sulphur Sapphira Frasch, and until you destroy the forces of reaction in your nation, they will always be. Your rule could be defined by greatness, by the destruction of the slavery that holds your people in bondage, yet you continue to

prance about, promising freedoms that mean naught without the abolition of Capitalism. What do you wish to be remembered as, as a Queen who could've been more, or as the savior of your people?
