### Lanterna-Brightness

The band numbers are shrinking! Cleaning out at least one band a day!

### Lanterna-Last Practice

As I said before, this band feels like a very 'chill' band. I think it partly has to do with the style of the heavily effects-oriented guitars and how he does said style. And just the general feel anyway, but yeah.

I think I'll listen to some of their stuff later, or tomorrow. Sounds like something I'd be interested in.

Hmm, that song was a little too simple and unoriginal in the post-rock realm.

Try the songs Luminous, Messina, Brightness, and that sort.  
Highlights for me.

I actually think my Grandpa would like them because of the chill atmosphere. He and I were listening to something like that together once.
