The black part is a bit concerning, admittedly. But other than that, a 03/10 at most.

Democracy ~ Rationalism ~ Integrity

Sometimes I wonder whether I should actually go through the trouble to get a degree when nigh-complete automation will most likely make me redundant anyway.

I'm an autistic, college-aged, white Anglo atheist who's politically confused and enjoys traveling but is too poor to go overseas. Grr.

Zravvisk is the name of our species, but other people commonly call us "Space Dragons".

Don't meddle in the affairs of dragons for you are crunchy and tolerable with

condiments.

A day in the Armada isn't too different from a Star Trek episode if almost everyone in the Federation was a dragon and spiritual.
