Oh, the guy himself? I guess he's literally history to me. I guess the one good thing I can say about the guy is that he smashed the monopolies. Everything else, I just hate. Islamis a dumb religion, gooks are garbage, and I swear he probably smells like shit anyways. Really, there's nothing much about the guy. Arranged marriages are dumb? Really, his life sounds boring. Like the only thing unique about him is that he was a monarch who took direct action in the 20th century, but that was still a thing in third-world shitholes anyways. Fuck this, I'm just going to say that I love Marxism just to piss him off. Though really, why ONLY Marxism? And, not other revolutionary socialist ideologies?"

It brings me no surprise that a society so tainted by communism would allow themselves to be ruled by a murderer responsible for the deaths of millions, even if he wasn't the one pulling the trigger. He is a threat to his people. Communism has brought only misery and death. I wish for him to be removed if not by force, to avert the implementation of policies no different from Stalin's that sent 60 million innocents to the gulags for crimes against the "Revolution" as they reds like to call it. Also, given he's a Trotskyist, a red warmanger, his end may come sconer than we think.

  civil war: the City Monitors who defend the peace and the Red Caps who
  fight against unjust systems. The city's infrastructure is crumbling under its

  the people would be in for a surprise as their virtual overlord have died

I have never seen someone as appalling as the Chancellor, and I like to think that I have met a lot of people despite my isolationist nature. Go away, I don't like you. And I amsure that no one else thinks too highly of you. If you so much as touch where my dimension is in, I'll be the last thing you see before you harmme. And this is considering, you know, I don't hurt people intentionally and tried to talk with them, but you are just too far gone beyond redemption. A rat leading a network of sewers running with blood and pestilence, is what you are.

'A magical god you are in your quarters are you? Your world sounds like a wonderous heaven to be in, though, I imagine it would be quite lonely to be there alone, albeit with multiple manifestations of yourself. Though I imagine beings manifested from the vacuum of such mystical realms to not really abide by human feelings such as loneliness. If only I could take a visit around your place, but alas, we are far away. I understand if you want to stay in your realm only, the world and indeed, the universe out there is a chaotic mess, filled with quarreling empires, both alien and humans, attempting to assert their childish, animalistic dominance over not being able to speak to each other. It's pretty stressful as the leader of one of these spacefaring countries to be dealing with nothing but some incredibly petty dispute that happened over some xenophobe plotting the genocide of some alien race he can't ever beat. Your realm, made out of light and seemingly modelled out of nature, is a far more harmonious place than in interstellar space. I wish for your harmonious world to remain prosperous, and for you to remain protected in there from any potential outside dangers that plague me'

'I would like to inform you that your pompous attitude towards leaders actually putting out well-thought-out opinions and statements on other leaders isn't going to give you attention. It doesn't make you look smart, it only makes you look like an overbearing leader that has zero actual interest in actual interaction and diplomacy. You think you're high and mighty, but your distance from actually saying substance to anyone proves otherwise. I advice you think otherwise and start actually putting out intelligible statements.'
