6/10. The dark colors make it look evil but it looks to also be a well-meaning socialist nation.

My nation - which is pretty much just a unified Korea with some extra territory represents my real views, as does pretty much anything I say on the forums.  $\ensuremath{\mathsf{NS}}$ stats only broadly representative. Feel free to call me Q&K, Quartia, or any other nickname.

1/10. Looks like the christmas nation.

The only thing you need to be wary of is their enormous economy and substantial jingle bell, tinsel, and evergreen exports.

A secular destruction-cult, a roque nation of space nomads, militarized mad scientists & anarchists.

NS Stats for The Disorder are not IC. These are. A **4.333 civilization**, according to  $\underline{\text{this index}}$ .

9/10. Africa has bonded together into a communist nation? %\$@#!

edit: Ninja'd. Above poster would be 8/10, something just looks forboding and evil, but can't place my finger on it.
