Subject 1656-3-1, also known as the Boss Deliveryworm by her own introduction, is an eldritch entity taking the form of a sandworm monstergirl with a cap wearing the insignia of Subject 1656. The Subject describes herself as female, which seems to be a constant among the other subjects under 1656. 1656-3-1 first appearance was around the same time 1656 was discovered and 1656-3-1's parentage is a complete mystery.

Insert "Belgium in WW2 = Bodenschwelle" or literally any other WW2 joke here.

Welcome to Aerlanica! the resident punching bag of the entire universe! God forsakes us, Hell hates us, Tech is stolen by us, fascists fear us and NS stats are ignored by us. Come for the democracy! Stay for the Fanaticism!
