Some things stay the same from his dream - he's still married to Aila, which makes him Hacune Miku's stepfather. Outside the dream, he has recently been elected governor of Tannu Tuva.

Vladimir Putin looks up the SS Tannu Tuva, and its design is detailed and realistic enough that he decides to commission it and use it against Cherson. A few weeks later, Aila's team decides to hijack it and repurpose it for more benevolent means, to enforce armistices and help treat injured soldiers.
