Chaos Synopsis - *A Batalha Final*

> ❝ **CVT Temp** <u>wrote</u>:
> I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

"I'd Love To Lay You Down"(The Voice-Top 10)

Artist: Barret Baber

I am seriously beginning to suspect this is Bear Rinehardt taking a Refuge In Audacity and showing up as himself, just changing the name and the story. His voice is gold.

Jordan's performance this week was the best, but Bear's made me feel so warm and happy that I just can't pick anyone but him. Beautiful.

Catholic, pro-life, and proud of it. I prefer my debates on religion, politics, and sports with some coffee and a little Aquinas and G.K. CHESTERTON here and there. :3
