> I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

☐by **Luveria** » Fri Oct 25, 2013 7:21 am

NSBM bands have such silly lyrics, but the instrumentals can be quite impressive. I feel like I'm expected to be conflicted about this open secret of mine.

I got both of these songs instantly stuck in my head as soon as I read the names. I still apparently remember their songs extremely well by memory alone.

Amon Tobin-Mission

My Last.FM and RYM
