Dissecting Table - *Hypocrite And Germs*

> 66 **CVT Temp wrote:**
> I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

Do you generally listen to several songs at the same time or do you just *change your mind like a girl changes clothes*...? pun <u>intended</u>.

Anyways, A Little Piece of Heaven - Avenged Sevenfold

Alas yonder woman, damn you tempt me with thy saucy bosom
thus methinks I shall bestow my codpiece in thee & make naughty love to my lady all night
Please haste hither & quench this torment fairest maiden
get some

Hypocrite And Germs is actually the title of the first track on the album **Hypocrisy** of the Japanese power electronics entity Dissecting Table. Permission to feel silly granted.

Natural's Not In it, Gang of Four.

COERCION OF THE SENSES, WE'RE NOT SO GULLIBLE

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.

Edit: Time for me to focus on Mogwai and Grails both. Mogwai has a ton of music, and Grails has a fair amount too, so this will take a while.
