This site stresses me out, so I rarely come on here anymore. I'll try to be civil and respectful towards those I'm debating on here. If you don't extend the same courtesy then I'll probably just ignore you.

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.
