The Mad King of Hell
I am the "who" when you call, "*Who's there?*"
Hell's Bells: Ask not for whom the bell tolls, it tolls for thee.
This isn't Wall Street, this is Hell. We have a little something called integrity.
And I heard *as it were the noise of thunder, One of the four beasts saying come and see and I saw, and behold...*

Sons of Liberty - Our Dying Republic

Our lives should define freedom
Our lives, to live in our own way
Our lives must define freedom
Or will we let them take it away?

Rule Britannia
I love the song but the feelings it arouses are just amazing. I'm that bloke always telling people nationalism is stupid but this just makes me want to go and conquer the world.

Note: By sort of romanticising the British Empire I'm not defending it (the Empire) in any way, manner or form.

Movement rises to rename capital city, San Henry "not reflective of historical Tuskanian patriotis

by **Sebastianbourg** » Fri Oct 10, 2014 4:39 pm

La Marcha Real with the proposed lyrics. It has a nationalist tone (like all national anthems) but I like it.

> I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.
