Come thou fount of every blessing
Tune my heart to sing Thy grace
Streams of mercy never ceasing
Call for songs of loudest praise

Teach me some melodious sonnet
Sung by flaming tongues above
I'll praise the Mount I'm fixed upon it
Mount of Thy redeeming love

Here I raise my Ebenezer
Hither by Thy help I come
And I hope by Thy good pleasure
Safely to arrive at home

Jesus, sought me when a stranger
Wandering from the fold of God
He, to rescue me from danger
Interposed His precious blood

Ode to grace, how great a debtor

Daily I'm constrained to be
And let Thy goodness like a fetter
Bind my wandering heart to Thee

Prone to wander, Lord, I feel it
Prone to leave the God I love
Here's my heart, Lord, take and seal it
Seal it for Thy courts above

Here's my heart, Lord, take and seal it
Seal it for Thy courts above

Nation no longer reflects my actual views. And I don't do the above nation games anymore, so I can probably get rid of that disclaimer.

If I cross a line, telegram me. Chances are, I didn't realize it.

All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.
