We were discussing stuff, so I started listening to it to remember

what it was like.

UNKLE-Another Night Out Ft. Mark Lanegan

My Last.FM and RYM

Death/Core/Metal Cover of Rick Astley - "Never Gonna Give You Up" (Rick Roll Song)

Finally, I can like this song!

> I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.
