Radiohead - Let Down
From *OK Computer* (1997)

Transport
Motorways and tramlines
Starting and then stopping
Taking off and landing

The emptiest of feelings
Disappointed people
Clinging onto bottles
And when it comes it's so so disappointing

Let down and hanging around
Crushed like a bug in the ground
Let down and hanging around

Male, 23, Indonesian

Major partner in free association with Faraby (that's my puppet/secondary nation IRL).

Factbook

Impossible is just a big word thrown around by small men who find it easier to live in the world they've been given than to explore the power they have to change it. Impossible is not a fact. It's an opinion. Impossible is not a declaration. It's a dare. Impossible is potential. Impossible is temporary. Impossible is nothing.

Elton John - American Triangle
From *Songs from the West Coast* (2001)

Seen him playing in his backyard
Young boy just starting out
So much history in this landscape
So much confusion, so much doubt

Been there drinking on that front porch
Angry kids, mean and dumb
Looks like a painting, that blue skyline
God hates fags where we come from

'Western skies' don't make it right
'Home of the brave' don't make no sense

I've seen a scarecrow wrapped in wire
Left to die on a high ridge fence

It's a cold, cold wind
It's a cold, cold wind
It's a cold wind blowing, Wyoming

Male, 23, Indonesian

Major partner in free association with Faraby (that's my puppet/secondary nation IRL).

Maroon 5 - Leaving California
From *V* (2014)

You got in so late, it's Sunday morning
Said that you were leaving, letting go of us
Where did we go wrong, oh?
And now you say you're leaving California
Gotta head back East and want to leave tonight
Pack your things and go, oh
But if you run now, wait I won't be alright

Even if the sun crashes into us
I won't let go, I won't let go
And I can be your light
Stay with me tonight
I won't let go, I won't let go
Oh, oh, oh
Oh, oh, yeah yeah yeah

> I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

Vicarious - Tool

The lyrics reflect so much upon what has happened recently.

Call me Sham

-*"Governments may think and say as they like, but force cannot be eliminated, and it is the only real and unanswerable power. We are told that the pen is mightier than the sword, but I know which of these weapons I would choose."* Sir Adrian Paul Ghislain Carton de Wiart VC, KBE, CB, CMG, DSO.

Nationalism is an infantile disease, it is the measles of humanity.
