Monkey 5278 taught energy karate to Monkey 5274's great great grandpa. He perished while fighting a beefy boi vampire. His grandson, Monkey 5277, named after a type of salad, died to a cross-shaped rock. And Monkey 5273 got got by a man with a hand fetish who liked things quiet and got murdery when he got mad about his nails growing too fast.

Monkey 5271, seeking enlightenment, meditated under a tree for several days. Eventually it came to him - the meaning of life - just before he died of thirst.

Monkey 5265 Was an Exact Double Made for Adolf Hitler by The SS, and Actually Committed Suicide on the 31st August 1945, not Hitler himself.

It is believed that Hitler and a Few Other High-Ranking Nazi Officials were Granted Asylum by Argentina and were Smuggled in by Surviving U-Boats Shortly after the Fall of Nazi-Germany, and (His Plans) Helped Organise the 1982 Falkland War as a Means of Revenge against The West.

However, Hitler (Allegedly) Died Almost 20 years Before the Falkland War ended, which is why his plans were publicised to The Argentinian Government and there were no Direct orders as He Had Been Deceased.

It has never been publicly Released how or when he died as the Death Certificate has believed to have been destroyed.

Monkey 5264 was the captain of the U-boat that most certainly never had Adolf Hitler on board. He was executed as soon as the sub did not arrive in Argentina, and his death was certainly not related to keeping any plan to smuggle Hitler out of Germany secret.
