Autopsy - *When Hammer Meets Bone*

When the hammer meets the bone
Your screams have gone unheard
When pools of blood are red and deep
Survival is absurd
There is no sanctuary
There is no mercy shown
Blunt force smashing is the law
Your skull and mind are blown

> ❝ **CVT Temp** <u>wrote</u>:
> I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

Taake - Vid I

From Nattestid Ser Porten Vid. I had heard this song years ago, it didn't impress me too much back then.

Autopsy - *Running From The Goathead*

Lying on the floor I realize my fate
I've become victim, I've become hate
How did this horrible night come to be
Piece by piece it comes after me
It catches up and grabs my throat
All I see is the head of a goat
It's sharpened fingers slice my face
The catch is better than the chase
