Considering their flag appears to be derivative of the Nazi Reichskriegsflagge, I'm going to say rather evil indeed.

Basically an alt-history South Africa in which apartheid never happened.

More edgy then evil.

There is no divine feminine.

My nations policies are not economic, but a deliberate attempt to kill of the spirits and the sacred forests of the Pagan rebels.

My nation does NOT represent my RL views.

6/10. Threatening due to its dark hue, but otherwise not particularly menacing.

2/10. A generic, inoffensive flag. They surely can't be up to too much evil.
