Title: The girl
Artist: Hellberg ft. Cozi Zuehlsdorff
Genre: House

She just shuts her ears.
She's fallen too far,
With salt in her scars.
Don't let him taste her tears.
She's fallen too far,
The girl that time forgot.
That time forgot.
The girl that time forgot.

Title: Let you go
Artist: The chainsmokers ft. Great Good Fine Ok
Genre: House

You end up alone after all that you've done
All that you've paid for
Did you get what you wanted?
Loaded the gun with all you were made of
When you're alone,
People don't think you know what you're made of, oh
You've been with me,
It's not up to see, it's all that you paid for
I'll find a way up, see you through what came to pay for
While we're alive, can we relax that, what are maids for

Title: Knocked you out
Artist: Bingo players (Remixed by 'Hardwell')
Genre: House

My fight is won
Who needs a gun
Boom boom knock you out
You knocked me down
But who's laughing now
Boom boom knock you out
My fight is won
Who needs a gun
Boom boom knock you out
You knocked me down
But who's laughing now
Boom boom knock you out

Title: Living for the moment
Artist: Ran-D
Genre: Hardstyle

We were young
Living for the moment
Never thinking about tomorrow
About the things to come

Title: #MyWay
Artist: Ran-D
Genre: Hardstyle

I'm six feet from the edge and I'm breaking
Sick of all the shit that I'm taking
It's time to do what feels right
And do it my way
Closer to the edge and I'm sinking
Deeper on the ground that I'm thinking
I'm gonna stand up and fight
This is my way

Bile - *The Shed*

> **CVT Temp wrote:**
> I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.
