Going to check out more of these guys. This song had me interested in seeing what they were like.

It's hard to decide where I want to go. I feel like throwing out more variety while I'm going through stuff, instead of just listening to one band and going through them all.....But there are so many Post-Rock one's to go through, it's hard to decide

It's mainly that ending maan.

Death Grips - Come Up and Get Me

Say what you want about this album (which I think is fucking awesome), but don't even TRY and deny this is one of their best tracks.

United Greater France's national anthem ☐ See my sig.

My Nation in a Nutshell

Please Stand for the National Anthem!

I'm Lawful Good (mostly)

United Greater France is a Federated Centrist Republic, not a monarchy or a reborn French Empire.

I'm female, a Socialist, a registered Democrat and I love France. Deal with it.

Once I drag myself away from the endless Post-Rock (which will take a while), I need to listen to both of those albums.
